

Build a Kiln Feature

Your Skutt glass kiln should be with you for quite some time. To help in your selection process, we have developed an easy to follow guide on our website to help you determine the exact kiln model, upgrades and accessories that will fit your needs.

Below is a quick overview of our Build a Kiln feature—you can take full advantage of this feature at www.glasskilns.com/bak.

HOW TO
SELECT THE
RIGHT KILN

1 DETERMINE AVAILABLE SPACE

Step 1 assists you in estimating the size of model that will fit best in your studio area.

2 DETERMINE CAPACITY NEEDED

Next, you need to find out if the chamber of the kiln will be large enough to fire the pieces you produce.

3 DETERMINE POWER SUPPLY

Step 3 helps you to find a kiln that will operate on the electrical service of your building.

4 DETERMINE FIRING TEMP

Determine which kiln offers the best temperature range for your needs.

5 DETERMINE KILN STYLE

Step 5 helps you choose which style of Skutt GlassMaster Kiln will work best for you.

6 SELECT A MODEL

Step 6 allows you to select the kiln you want based on your previous input.

7 ACCESSORIES AND UPGRADES

Choose from a list of accessories to further suit your needs.

8 YOUR KILN SELECTION

Congratulations! This is the kiln you have chosen.
